PRESIDENTIAL POSTINGS

“October had tremendous possibility. The summer’s oppressive heat was a distant memory, and the golden leaves promised a world full of beautiful adventures. They made me believe in miracles.” – Sarah Guillory, *Reclaimed*

Autumn is my favorite time of year. As the leaves change color to red, yellow and orange, and the air turns crisp, there is a sense of renewal upon us.

With that sense of renewal, we officially “kicked off” a new year with our Welcome Brunch in Marilyn Thelen’s lovely backyard on September 10 with over 70 members and guests, including 8 new and returning members. Our gathering included Tech Trek girls and their families, as well as our NCCWSL representative, Zuhail Rahmani. The Tech Trek girls shared their camp experiences at Sonoma State University and answered questions from the audience. Zuhail reported on her participation at the National Conference of College Women Student Leaders at the University of Maryland and presented our branch with a binder of conference memories. Thank you to our members who make it possible for these young women to attend such forums.

Members provided reports about upcoming exciting events we have planned for the fall. Our Interest Groups and Standing Committees gave an overview of their activities and endeavors for the coming year. We encourage everyone to get involved in these groups and committees. There are plenty of fun activities to participate in and ways to help our committees make a difference in the lives of women and girls. Please feel free to contact our committee and interest group leaders to join in.

Many thanks to our planning committee led by Membership Co-chairs Bea Ball and Elva Valli for organizing our lovely brunch. We extend our appreciation to those who set up, cleaned up and contributed delicious frittatas, fruit, pastries and beverages. A special thank you to Elena Noble for setting out the food so beautifully. And with much grati-

tude, we thank Marilyn and Jim Thelen for graciously opening up their home for this event.

We acknowledge Marlene Maksel, who once again produced the directories (with an orange cover this year) distributed at the brunch. Marlene, thank you for your diligence. If anyone has not received their directory, please contact Bea or Elva.

We encourage members to purchase tickets to our main fundraiser for the year, A Taste of Fall, to be held on October 1 from 3 – 5pm at Margie Pruitt’s home. Sherrie Moore and Marlene De Laurenti are working steadfastly to make this a worthwhile opportunity to benefit AAUW Fund, Tech Trek and Local Scholarships. It promises to be an enjoyable evening for sampling great food and wine, participating in a silent auction and raffle and having a great time in the company of good friends.

On October 19 at St. Andrew’s Church at 7pm, Program Chairs Gayle Garrison and Nancy Hobert have arranged for BART Director Gail Murray to speak about the BART bond issue on the November ballot. We hope members will attend to gain some valuable information on this proposal. As we all know, 2016 is a major election year, and as such, AAUW has renewed a national campaign to get out the vote: “It’s My Vote; I Will Be Heard”. Each and every member should exercise their right to vote on November 8 and encourage anyone 18 or older to register and vote.

On October 29, the annual Northern California AAUW Fund Luncheon will be held at Crow Canyon Country Club in Danville from noon to 3pm. This is a great opportunity to hear from AAUW fellowship grant awardees. We hope to form a contingent of members from our branch to attend. The RSVP deadline is October 17. Registration is available online at: http://www.aauw-ca.org/Assets/resources/Fund_Luncheons_Flyer_2016_members_Final.pdf or respond to Fund Co-Chairs Harriett Burt and Helen Pereira.

Each of our members bring value to our branch and can contribute in unique ways. We hope to see a good turnout of members this year, enjoying our programs, supporting our funds that provide opportunities and legal support to women and girls, and joining our interest groups and committees. See you soon!

Better BART – It's Time to Rebuild

Gail Murray, Bart Director

Pleasant Hill-Martinez AAUW
7 pm, October 19, 2016
St Andrew's Presbyterian Church
1601 Mary Dr, Pleasant Hill, CA 94523

Bart is a system that has lasted 45 years, using the same design and much of the same technology, and it is definitely showing its age. As traffic gets progressively worse, the public turns to BART more and more. What is the answer?

Director Gail Murray will address the following topics:

- Current BART ridership and system update;
- What BART is doing now, current projects;
- What BART has planned for the future; and
- Challenges ahead.

BART has placed a \$3.5 billion Bond Measure RR on the November ballot to rebuild their aging system for the sake of safety, reliability and traffic relief. Murray will be able to answer any questions or concerns we have. Be sure and attend to become an educated voter, and bring guests with you!

For more information or directions, call Gayle Garrison, 925-798-7528, or Nancy Hobert, 925-228-7271

AAUW FUND

Harriett Burt and Helen Pereira, AAUW Fund VPs

The neatest thing happened on the Friday after Board Meeting. I went to finalize the Tahoe Joe paperwork and confirm the Sunday, November 13 date for our Fundraiser. The same very nice, very young (but not as young as I thought) hostess greeted me and immediately asked the manager to come forward. Iris and I completed our business with the news that our logo has already been sent to TJ's HQ for the tickets.... thank you, Reba.

As I thanked the hostess and turned to leave, she asked what AAUW was. So I told her about it from the beginning to now. Listing the programs that Tahoe Joe's has helped us support encouraging local middle school and community college young women to reach for the sky, I also described Start Smart. She was so excited she asked if she could join. I asked if she was in college because she looked 18 or 19 at the most. It turns out that she (Brooke to me by now) graduated from Mills College in June with a Pre-Med major and is applying to medical schools as I write. It also turns out that she liked what she heard about us and what we do so much that she would like to join! I am passing her contact information to Bea and Elva. Her enthusiasm about what AAUW does made me want to dance out to my car. However, I came down to earth when I realized I had told her about everything we do except Fund for crying out loud! So I whirled around and returned to tell her about that too. After all, Fund is the starting point for all we do today to help women to meet their potential!

A number of you have told me and others how delightful and impressive our Nickwhistler, Zuhail Rahmani, was at the Fall Brunch. You could see the Tech Trekkers following all she said, perhaps beginning to realize they could be Zuhail in another six years. She is thoughtful as well as she took the time to create an album for us and to bring 'souvenirs' of her adventure to the Fund committee members. My Tahoe Joe papers are in the University of Maryland folder as I speak! By the way, her mother, who was ill so could not come to the brunch, told us last spring that Zuhail means Shining Star in Afghani. Got that right!!

EDUCATION

Gayle Duncan

In December of 2015, the Every Student Succeeds Act (ESSA), was signed into law by President Obama. This law replaced No Child Left Behind. To address the problem of inequities in education, the U.S. Department of Education, proposed regulations to implement ESSA.

Included in the changes is a fiscal requirement that does not allow federal funds to replace state and local funds in low-income schools. In other words, the federal funds will supplement, not supplant (SNS), state and local funds.

Educators' feedback, influenced the new regulations, regarding the supplement not supplant (SNS) provision of ESSA. The following revised proposals offer ways to meet ESSA's requirement for SNS: 1) Weighted student funding formula- Additional resources will be provided for students in areas of poverty, English Language Learners, and students with disabilities. Title 1 schools will receive all the funds that they are entitled to. 2) A formula that measures the sum of the number of personnel in the school, multiplied by the district's average salaries for each staff category, and the number of students in the school multiplied by the district's average per-pupil costs for non-personnel resources. 3) The state will develop an alternative, funds-based test, that is approved by a panel of expert peer reviewers, that is as rigid as the two options mentioned above; or 4) A method, the district selects, to ensure that per-pupil funding in all Title 1 schools, equals the average per-pupil funding in non-Title 1 schools in the district.

Thus, the Department of Education's goal, with these new provisions, is to provide guidelines so that funds will be distributed evenly within each district. In this way, all students will have their needs addressed, and will have an equal opportunity to learn in a meaningful way. Providing funding is just the beginning. Equally important is how the funds will be used to enrich the education of all students.

MEMBERSHIP MATTERS

The September Brunch was a well attended event. It was enjoyed by many, planned by many, set-up by many, and cleaned up by many. There were 72 in all who attended and all enjoyed the wonderful weather, the bountiful and delicious food, and the presentations by the Tech Trek Girls and our DVC young lady, Zuhai Rahmani, who is now attending UC Davis. There were 51 members, 11 Tech Trek Girls with moms, 2 dads, and a grandmother! We had 10 guests of which 7 joined right on the spot!

All were greeted and welcomed by Claudia and Jennifer who introduced members, guests, and the Tech Trek Families.

Following the Brunch, which did take a while because it was so tempting to return to the buffet table for seconds, Janice introduced the Tech Trek girls; Lexie Alford, Julia Beaty, Jazmine Cano, Isabella Martinez, and Isabella Triana. The girls did a fine job of sharing with us what they experienced last summer at Math/Science Camp. Zuhai Rahmani also shared with us what she did this past summer and rewarded us with an album detailing her experiences. She is looking forward to her classes at UC Davis.

It was a very pleasant day and it, as always, can only be successful because of the members of this Branch of AAUW. Thank you all for helping to set up on Friday, for volunteering such outstanding food, for helping to clean up and for putting away all of those chairs and tables. There are so many of you and we thank each and every one of you.

To our most gracious hosts, Marilyn and Jim, we are so grateful for your hospitality.

I have taken the liberty to put together several quotes from some of the many AAUW mailings I, and probably you, have received. I think in this election year, these issues are extremely important to all women, regardless of their political affiliation. When we can have respectful dialogue with regard to the many issues we can make the changes we want to make.

“The American Association of University Women (AAUW) is hard at work every day to make sure women’s voices are heard this historic election year. Many issues that affect women and families are at stake, including the gender pay gap, sexual assault and harassment, college affordability, and women’s representation in leadership. **It’s unacceptable that women make up 51 percent of the population but only 19 percent of the U.S. Congress.**”¹

As to the above paragraph, it seems that we need to take some time and effort to get more women in politics and in public office throughout the nation.

“AAUW members know the fight for gender equality is anchored in centuries of struggle and continues today. Every day we are on the ground pushing action on issues like [equal pay](#), [paid leave](#), [Title IX](#), and [voting rights](#). As we tick down the days until the 2016 election, AAUW members will remind candidates and elected officials that while we have come a long way since our right to vote was guaranteed, we still have much more to do.”²

In this election year it is important that we think about how we vote and why we’re voting. AAUW Nationally is working to register new voters and to get women to the polls. I would like to point out that the new president will have at least 1 Supreme Court Justice to nominate, and possibly more.

“From our paychecks and health care services to educational funding and campus safety, there is so much at stake each time women head to the polls. The AAUW Action Fund *Congressional Voting Record* is yet another tool to hold our legislators accountable on issues that directly affect women and families.’

And remember: When women vote, we change the conversation!”³

I like to remember this quote from the Women’s Movement: the political is personal. This affects all of us.
